Table of Information Categories and Control Variables in HABS (Continued)

Table of Information Categories and Control Variables in HABS

ANALYSIS		DATA QUALITY CONTROL AND ANNOTATION	
Coded or Fixed Field Information	Information in Natural Language	Coded or Fixed Field Information	Information in Natural Language
UNIT STUDIED, nature of (e.g. author, country, culture, ethnic group)	Key term, specific (i.e. concepts unique to the culture studied)	AUTHOR'S DISCIPLINE (e.g. anthropology, economics)	status - race, nationality, role, research language, facilities, previous works and experiences, etc.)
**AREA CIDES	GEOGRAPHICAL COVERATE	RESEARCHER(S) title of (e.g. scholar / researcher, missionary)	Research team composition (e.g. wife, interpreter, assistant)
Area (e.g. Africa, Asia)	Name of continent, region, country or city,	RESEARCH(S), SEX OF	Objectives (i.e. goals, hypothesis, propositions, etc.)
Country	other type of community, or specific place	RESEARCH LANGUAGE	Unit identifications (name, alternate name, geographical location, major characteristics, etc.)
Subunit (e.g. state, province)		Language used for documentary	Time (time period covered, field date, time lapse between the field work and the publication)
CULTURE CODES	ETHNIC GROUP	research (including language proficiency, use of language of the unit studied, name of other languages used)	Research method (method and techniques included, source documents, degree of documentation, research language used, etc.)
Culture classification code (e.g. Murdock's culture cluster)	TEMPORAL FOCUS	Field language (including author's native language proficiency, use of native language, use of contact language, author's proficiency of contact language)	Condition of research (author's definition of the situation, source of financial support, etc.)
Outline of World Culture (OEC) code, with subdivisions	Time period covered (e.g. Yi dynasty, early)		Conclusions
	Specific time period covered		Evaluation (single sentence comment to characterize the source as to objectivity, consistency, etc.)
UNIT FOCUS (e.g. total society, community, individual)	Field date		Other comments
	Publication years covered (in case of bibliography)		Reviews
TEMPORAL CODES	BIOGRAPHICAL INFORMATION	DATA NATURE (primary source, secondary source, etc.)	Annotation source
General time period studied (in terms of major historical period significant to each culture, such as dynasty, colonial period)	on person or institution covered	DATA LEVEL (primarily descriptive,	Categories not fully tested
Modification of general time period studied (e.g. exact, circa)	Categories not fully tested		
Specific year studied (e.g. beginning year, ending year)	When it becomes final, the American National Standards Institute (ANSI) geographic area code will be used in place of these two codes.		
	The ANSI code will be made up of continent,		

Modification of specific years studied	region, country, state or province, etc. Not in machine-readable form	primarily analytical, theoretical speculative, etc.)	**When it becomes final, the American National Standards Institute (ANSI) geographic code will be used in place of these two codes. The ANSI code will be made up of continent, region, country, state or province, etc.
FIELD DATE (first year, last year, modification of information)	For monographs only. The handling of journal articles and other material types will be described in the forthcoming HABS Handbook, under "HABS citation style."	PRIMARY DATA LEVEL (e.g. impressionistic account, systematic observation report based on field work)	Not in machine-readable form
TIME INFIELD (number of months in the field)		SOURCE OF DOCUMENTARY STUDIES (e.g. mainly primary source, mainly secondary sources, both)	"For monographs only. The handling of journal articles and other material types will be described in the forthcoming HABS Handbook, under "HABS citation style."
SUBJECT CODES		~MAJOR STRENGTH OF DOCUMENT QUALITY CODE (local option)~	
Major subjects (broad subject headings, such as religion, economy, family and kinship)		OPTIONAL QUALITY CONTROL CODES	
Outline of Cultural Materials (OCM)		I ANNOTATION	
UNIT STUDIED (i.e. name of ethnic group, nation, subculture unit, overseas community, etc.)		Summary annotation in paragraph form / source of annotations (obtained from the annotation checklist)	
TOPICAL COVERAGE		Annotation checklist includes the following:	
Major subjects heading (up to three headings)		Author (birth and death date, sex, training,	
Library of Congress subject headings (for monographs and serials only)			
Key term, general
